

# ALPER SERVICES IN THE NEWS

## Cyber Risk of Fleets Powered by Autonomous Tech are “Endless”

Insurance Business America | September 20, 2018 | <http://bit.ly/2ODtZMv>

“The risks are endless,” said **David Macknin**, president and CEO of Chicago-based broker Alper Services who’s kept a close eye on the development of autonomous driving technology for two years now.

## The Real and Rising Threat of Cybercrime for Small and Mid-Sized Business

Financial Poise | August 22, 2018 | <http://bit.ly/2PwtwMH>

If cybercrime were a nation state, it would be the world’s 13th-largest by GDP, just ahead of Australia...

## The Future of Driverless Cars and Insurance: Who Pays?

The Balance | July 10, 2018 | <http://bit.ly/2M14Z4u>

When I hear the phrase “driverless cars,” all I really want to know is if my insurance premiums are going to go down. The answer is yes—but it’s not that simple.

## Small Businesses Are Under-Served By Best-In-Class Brokers

Insurance Business America | February 22, 2018 | <http://bit.ly/2FqrjXJ>

According to **David Macknin**, CEO, and **Ken Cuvala**, vice president, director of property & casualty select division, education is not the issue, but rather knowing when and how best to serve small businesses plays a bigger role.

## The Agency Can Never Be Sold

Insurance Business America | Issue 10.01, October 2, 2017 | <http://bit.ly/2y2W5vb>

Here’s something unique: this independent insurance agency can never be acquired. No matter how much money is offered, **Alper Services** cannot be sold...
